SUMMARY

7.2 years of experience in PeopleSoft/Oracle Database and Middleware Administration. I am an accomplished, self-motivated, result oriented and energetic Technical Consultant with an experience of more than 7+ years in the implementation/support and upgrade of full life-cycle PeopleSoft Projects.

An organized, detail oriented, effective communicator and good at multi-tasking – with areas of experience and expertise, including Production support and full life cycle implementation and full application upgrades.

I worked on full oracle database upgrades and performance tuning of queries and Integrated Fusion middleware products like Web center Portal/SOA and OBIEE with PeopleSoft successfully.

Highlights of Professional Experience:

- Experience in implementation/Upgrade & supporting full life cycle PeopleSoft Projects for HR, Finance, CRM, Portal, ELM applications
- Expertise in strategy making and implementation of PeopleSoft Maintenance Activities
- Expertise in Installation of PeopleSoft Applications, Troubleshooting and other PeopleSoft DBA activities
- Worked on Oracle full database upgrades
- Worked in 8.49/8.50/8.51/8.52/8.53/8.54 PeopleSoft Tools only upgrade activities
- Worked on Application upgrade from HRMS 8.9 to 9.0 MP5.
- Worked on PeopleSoft two step application upgrades as well.
- Experience in Oracle Database Administration and UNIX Shell Scripting
- Exposure to Oracle 10g/11g RAC implementation/Maintenance
- Oracle Golden Gate (OGG) Installation/Configuration and Maintenance
- OBIEE Installation/Configuration and Maintenance Activities
- Fusion Middleware Components(Web center Portal/SOA and OBIEE) Installation/Configuration and Maintenance

Formal Education
- Masters of Computer Applications (MCA) – [S.K.University (2012)]
- Bachelors of Science in Computers [S.V.Degree and P.G College (2008)]

Professional Training/Certifications
- Oracle 11g Performance Tuning training from Oracle University(LVC)
- Oracle 10g DBA Workshop training from Oracle University(LVC)
- People Management Essentials (PME)
- Oracle 11g R2 Database/RAC

Technical Skills

Operating Systems:	Windows Server 2008 R2, Linux,AIX,HP-UX
	Shell Scripting (ksh, bash)

Applications:	Oracle UPK, Oracle Enterprise Manager (OEM), PeopleSoft (FSCM/HCM/CRM/PORTAL/ELM/CS), Oracle Fusion Middleware(Web center Portal/SOA and OBIEE)
Middleware and Application Server:	Web Logic Server, Web Sphere,OAS
Desktop Tools:	MS Projects, MS Visio, MS Project, Excel, PowerPoint
Database and Development Tools:	TOAD, Oracle SQL Plus, Quest STAT, SQL Developer
Application Tools:	Oracle Enterprise Manager, Quest (STAT) Change Management and Object Migration Tool set
	Oracle (9i.x through 12c), Oracle Recovery Manager (RMAN), Oracle RAC 11g

Employment History

NTT DATA,Hyderabad - **Jul, 2013 – Present: (2.4 years and current)** Functioning as a PeopleSoft DBA in the EAS practice, providing consulting services to a various projects

Oracle Corp India,Hyderabad - **Feb, 2011 – Jul, 2013: (2.5 Years)** Functioned as a PeopleSoft DBA in the Cloud IT Team and supported and maintained multiple client environments.

Infosys Technologies Ltd,Hyderabad - **Sept 2008 – Feb, 2011: (2.5 Years)** Functioned as a PeopleSoft Admin in application services team and providing PSADMIN services to CITI Bank client.

Professional Accomplishments

Employer: **NTT DATA**   **July 2013 – Present**

 Clients:
  Mizuho Bank Ltd   **October, 2014 – Till date**
  Functioning as a PeopleSoft DBA and responsible for:
  - Design, Planning, Installation and Configuration of various PeopleSoft Instances(Pure Internet Architecture) like Demo,Development,Testing,Conversion,Staging,Production environments on PeopleSoft FSCM 9.2 and People tools 8.53 versions.
  - Installation and Configuration PeopleSoft Update Manager(PUM) on Virtual box in order to create Change Package(s) and apply the same as part Application Maintenance on all environments whenever released by Oracle.
  - Applying People tools Patches, Web logic PSU using BSU and applying Tuxedo Rolling Patches.
